Dear Mr. Taylor:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the Community's Public Protection Classification is unclassified.

Insurance Services Office is recommending that the classification be changed to a split Class 04/10, with an effective date of 11/01/2016. The recommendation is based on a review of your community performed on 12/28/2015 and does include application of the Addendum to the Fire Suppression Rating Schedule.

With a split **Class 04/10**, all class-rated properties located within 5 miles of a fire station will use **Class 04**. All class-rated properties located farther than 5 miles of a fire station will use **Class 10**.
With an alternative water supply, hydrant distance does not apply.

Public Protection Classifications range from 1 (best) to 10 (worst).

We have reviewed the information provided and believe it is sufficient to grant approval. Enclosed is a PPC Submittal sheet indicating point totals for the major areas associated with the review. The Insurance Services Office will be notified of our approval of their recommendation and the 11/01/2016 effective date.

If you have any questions regarding this change, I may be reached at the address indicated above or by telephone at (512) 676-6784.

Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.

Sincerely,

Jesse James Williams
