

## DREXEL UNIVERSITY COLLEGE OF MEDICINE EMS INSTRUCTOR COURSE

This course offers the learner the opportunity to develop the skills necessary to provide quality instruction to the EMS providers in the state of Pennsylvania. This class also covers many topics that will help you be a great educator.

### TOPICS COVERED INCLUDE:

- Components of the learning process
- Adult learning theory
- How to deal with difficult students
- Methods of teaching (teaching theory and teaching skills)
- Preparation for education
- How to use and master a variety of media and materials
- Purpose of evaluation and how to use different methods of evaluation

### IN ORDER TO TAKE THIS CLASS, YOU MUST:

- Provide proof that you are at least 18 years old.
- Possess a current course completion card for CPR or current certification as a CPR instructor.
- Possess current certification as an EMT or higher level EMS provider.
- Have at least one year of experience in providing EMS as an EMT or higher-level EMS provider.
- Provide documentation of instructional time. Instructional time can be for any EMS certification program, taught within the last year. 20 hours will eventually be needed.
- Supply a letter of recommendation from either a PA Department of Health Accredited Training Institute Director/Administrator or an EMS Certification Coordinator in advance of the course.
