

**CHESTER COUNTY EMS COUNCIL
RECOMMENDATION FOR CONSIDERATION**

Board Meeting Date:

VTR#: OPS12-6 Subject: EMS Units ability to Log Off via MDC
Committee/Task Force: CCEMS Operations Committee

Recommended Goal Recommended Policy Change Other:

Recommendation/Motion: Recommendation that the Chester County 9-1-1 Center implement the ability for an EMS service to log off an EMS unit via the MDC.

Rationale [Background]: Currently EMS services can only status their units as SANA or OOS via MDC unless they physically contact the county and request the unit to be logged off. In order to allow EMS services to better status their units appropriately and not overwhelm the Chester County 9-1-1 Center we feel the MDC should have the ability to log off each unit.

Medical Review [Concerns]: N/A

Fiscal Concerns: Unknown – There may be costs associated with changes to the system and MDCs in order to allow units to log off.

Educational Concerns: Each service will be provided information on proper log off procedures for their units once this change is in place.

Plan of Implementation:

Board Meeting Comments/Concerns:

Accept: ____ Table: ____ Modify: ____ Reject: ____

Council Meeting Comments/Concerns:
