CHESTER COUNTY EMS COUNCIL INC.
RECOMMENDATION FOR CONSIDERATION
Board Meeting Date: 12/12/2012
Subject: EMS Components of CAD system for Chester County

VTR#: 12-07   Committee/Task Force: CCEMS Operations Committee

☒Recommended Goal ☐Recommended Policy Change   ☐Other:

Recommendation/Motion: Recommendation that the new CAD system to be purchased by the Chester County Department of Emergency Services have the ability to complete the following operations:
- EMS Box Cards
- Data collection and analysis to be able to provide to the services include but not be limited to: dispatch times, response times, time on scene, time to facility, time to available, scratches/no response.
- Priority Medical Dispatch
- Interoperability with current PCR system.

Rationale [Background]: The current CAD system lacks the ability to handle these issues and it is our belief that these issues will be addressed in the near future so any future CAD system should be able to handle them as needed.

Medical Review [Concerns]: None

Fiscal Concerns: None

Educational Concerns: None

Plan of Implementation: As soon as possible.
