

**CHESTER COUNTY EMS COUNCIL INC.  
RECOMMENDATION FOR CONSIDERATION**

Board Meeting Date: 5/9/2012

Subject: Recommendation for policy change of provision of EMS charting software by the County to EMS services.  
VTR#: 12-2                      Committee/Task Force: CCEMS Operations Committee

Recommended Goal     Recommended Policy Change     Other:

**Recommendation/Motion:** It is recommended that Chester County amends its currently policy of providing EMS Charting software to EMS services as follows: Chester County will provide the county's designated vendor of EMS charting software, **at no cost**, only to Chester County EMS services with primary 911 territory within Chester County.

**Rationale [Background]:** The current policy allows for non-911 services to be provided this software which significantly increases the costs to the county due to the significant increase in the number of charts needed to cover these services. By providing it only to the recommended services we can significantly decrease the costs associated with this project.

**Medical Review [Concerns]:** N/A

**Fiscal Concerns:** N/A

**Educational Concerns:** N/A

**Plan of Implementation:**

**Board Meeting Comments/Concerns:**

Board approved VTR on 5/9/2012 with addition of "at no cost" noted in red above.
