

Little Creek Volunteer Fire Company, Inc.

Sta. 54

**P.O. Box 327
311 Main St.
Little Creek, DE 19961**

Standard Operating Guideline - 98-07 Use of Self-Contained Breathing Apparatus (SCBA)

Purpose: This standard is designed to ensure proper use of SCBAs.

Scope: All fire department personnel.

1. SCBA will be used only by those members who are properly trained and qualified to use them.
 - A. To be qualified the firefighter must pass a test as approved by the Fire Chief.
2. Personnel who are responding to Structural Fires, Automatic Alarms in a Structure, Hazardous Materials Incidents, Vehicle Fires, and Nature Unknown Fires are required to wear an SCBA.
3. Personnel who wear SCBA at an incident are responsible for ensuring that the SCBA is cleaned and returned to service. If there are any problems with the SCBA, report it to the Officer in Charge immediately.
