## **Standard Operating Guideline - 98-08 Parades and Associated Activities**

**Purpose:** This standard is designed to set guidelines for personnel and apparatus/equipment attending parades and associated activities.

**Scope:** All fire department personnel.

1. No fire apparatus will go to any parade or associated activity without permission from the Fire Chief.
2. The parade chairman will review with the Fire Chief all apparatus scheduled to go to parades or associated activities at least one week prior to the scheduled event.
3. No person is to operate any Fire Company vehicle or equipment at any time while consuming any alcoholic beverage or under the influence of alcohol or any other controlled substance.
4. All personnel attending will be in uniform or the approved dress for the function. Personal appearance will be neat and clean to present a positive image of our Fire Company. An Officer of the Company must approve personnel prior to departing for the activity.
