## **Standard Operating Guideline - 98-11 Probationary Members Responding to Alarms**

**Purpose:** This standard is designed to set guidelines for probationary members who respond to alarms.

**Scope:** The probationary members

1. In order to ride a piece or apparatus, the member must pass a test administered by a Line Officer on the equipment located on the apparatus,
2. Prior to riding on the apparatus at time of alarm, the member must receive permission from the Officer in Charge of that apparatus.
3. The Fire Chief has final approval over matters concerning Probationary Members.
